PROFILE

An Information Technology graduate and web developer with a strong foundation in building modern, responsive web solutions using PHP, JavaScript, and frameworks such as ReactJS, Bootstrap, and Shadcn UI. Experienced in developing user-centric interfaces, with additional expertise in software development, technical writing, troubleshooting, networking, and MySQL database management. I am adaptable, passionate about learning, and eager to apply my skills in collaborative environments to create scalable and innovative solutions.

EDUCATION & CERTIFICATIONS

Phinma - Cagayan De Oro College | June 2021 - April 2025

- Certificate of Completion: Employability Skills - Job Ready | Wadhwani Foundation | Sep 2024
- Certificate of Completion: Ethical Hacking: Hacker Methodology | Udemy, Inc. | Nov 2023

PROJECTS

Barangay Bulua Health Center Patient Record System

Capstone Project 1 & 2 | June 2022 - May 2023

PHP | MySQL | Visual Studio | Git | JavaScript | Bootstrap

Worked with a team to create a web system that automates consultation records, lab processing, and report generation for Barangay Bulua, Cagayan De Oro City.

- Ensures the system is user-friendly, responsive, and performs consistently on both web and mobile platforms.
- Used by medical personnel and clients of Barangay Bulua.
